Project Description:

Mountasia Entertainment International, Inc. is a leader in the family entertainment industry, currently operating over 40 family fun centers. Over the next three years, the company will be redeveloping its existing parks and acquiring or developing a large number of new parks.

As the Owner's Representative for scheduling, S&R was responsible for:

- Selecting software
- Developing procedures
- Implementing software and procedures
- Integrating data into a cohesive Program plan
- Analyzing baseline and progress data provided by Team Members to ensure that it supported Program goals
- Implementing Internet data transfers for collection and distribution of all scheduling information
- Training

S & R Associates, Inc.
